Dear Gladstone State Development Area Team

Material Change of Use Development Application for Aldoga Solar Farm ('Renewable Energy Facility' and 'Substation') within the Gladstone State Development Area

ACCIONA Energy Australia Global Pty Ltd (the Applicant) is seeking a State Development Area (SDA) Approval (Development Permit) for a Material Change of Use (MCU) for Aldoga Solar Farm within the Gladstone State Development Area (GSDA).

The Development Application seeks to change vacant land on Lot 1 on SP301578 and Lot 29 on RP894241 to a 'Renewable Energy Facility' and 'Substation'; a solar PV development with an approximate footprint of 777.5 hectares. It is noted that land owners' consent has also been granted for the temporary use of Lot 2 on SP301578 (temporary laydown area and construction access) and Lot 1 on SP260750 (temporary construction access).

Please find attached all necessary technical documentation to support a properly made SDA development application including:

- Completed SDA Application Form
- Land Owners' Consent
- A Planning Report and associated technical assessments
- Development Plans
- Confirmation of the relevant DA fee payment (\$68,021.25).

Please contact me directly using the undersigned information should you have any queries regarding the development application package.

Kind regards
